exhibiting a net increase of Rupees 10,198-2-11, due indirectly to the effects of famine receding further every day - The price of jaggory fell, and a large quantity of arrack was manufactured both in the Shimoga and Sagar Distilleries, and the number of retail and wholesale

arrack shops was larger
than the previous year.
2. The Saddar Distillery
System is still in force
in this District, pending
the acquisition of experience
of the new system now
working in the Nandi-
-dury Division. The order
contained in the Chief
Commissioner's Proceedings
No. 944-9/170 dated 14th June
1879 permitting the removal
of a quart bottle of arrack
by purchasers has not yet
been brought into force
in this District for want of
the necessary passports for
which application was duly
made.
3. The Toddy Contracts having
been sold for a term of
three years ending 31st March
1881, the revenue therefrom
was the same as in last year,
being one-third of the
contract amount; but the
slight increase shewn in

the table above represents the amount deposited for the payment of the last instal-ment of the Contract, which was wrongly credited by the Taluk authorities in February 1880.

4. There were only 4 Ganja and one opium shops in the District, and two of the former were given up in the Course of the year, — Causing a falling off of Rupees 104 in the amount of License fees. The quantity of Ganja and opium sold by the License holders was:

	1878-79.	1879-8
Ganja —	39 Maunds.	33 Maund
Opium —	39 Ibs and 18 Tolas	35 Ibs - 34 To

5. The number of shops selling European liquors was the same as before, viz. 2, and the quantity sold was:-

Particulars.	1878-79	1879-80
Brandy bottles	1,275	1,350
Beer Do.	1,276	806
Wine Do.	540	403
Total —	3,091	2,559

6 The balance of Abkari

revenue, which remained uncollected at the end of the year amounted to only Rupees 28-10-8.

7. The cost of the establish-ment for the year under report was Rupees 2,927-11-11. being 5.9 per cent of the revenue.

8. The period under report was marked by certain important changes Cal-culated to afford relief to the producers, and re-move the trammels with which trade was afflicted in this country. The Sáyar duty levied at the place of production on cocoa-nuts fresh and dry, Betel leaves, and tobacco was abolished, and a duty comprising both the Sáyar and octroi rates was substituted in Municipalities alone on the above articles when imported for con-sumption, and the revenue is equally shared by the

Sáyar.

the Government and the Municipalities. On the other hand, Lupari, which is the only principal commodity, on which Sayar is now levied, was freed from liability to octroi everywhere.

9. The Sayar revenue amounted in 1879-80 to Rupees 2,29,903-10-10½ against Rupees 2,58,073-14-1 of the year before, shewing a net decrease of Rs 28,170-3-2½. The realizations under each of the heads are shewn below:-

Items.	1878-79			1879-80			Increase			Decrease			
Lupari	2,51,382	5	6	2,22,597	2	7	.	.	.	28,785	2	11	Net decrease Rs 28,170-3-2½.
Tobacco.	2,504	4	3	3,112	10	8	608	6	5	.	.	.	⊕ Includes Rupees 162-15-4 credited to XVIII Miscellaneous in November and December 1879.

Miscellaneous.	1,055	2	11	1,322	4	11	267	2	.	.	.	.	
Total-	2,58,073	14	1	2,29,903⊕	10	10½	983	10	2	29153	3	4½	

10. A large falling off has taken place under the head Lupari. In the Maidan Taluks of Shimoga and Chamalapur, an increase of Rs 2,775-13-3 was obtained, in consequence of the Lupari gardens, which

had suffered much in the famine having recovered much of their prosperity, and yielded a better crop. In the Malnad Taluks of Sorab, Sagar, Kavaledrug and the Anantapur port of Shikaripur, however, the gardens suffered greatly from "Kole Roga" or not, and the outturn was far below the average, more especially in Sagar and Kavaledrug, the decrease in these Taluks alone amounting to Rupees 35,303-14-2. The deficit would have been still greater, had not the rise in prices and a revival of the demand for the nut this season induced the export of the large quantity of Supari that had remained in stock at the close of 1878-79, which had been estimated at 60,600 maunds, against 41,500 maunds on the 31st March 1880. The Sagar Taluk, however, was comparatively

have simply to take their Supári across the border and bring it back as the produce of Her Imperial Majesty's territories for export free of duty to Bellary and Wallajapet the quantity of this staple alleged to have been the produce of Her Imperial Majesty's country which thus passed through the Sorab Taluk in the year under review amounted to 16,387 maunds, being very nearly equal to the produce of the Taluk itself, viz. 17,941 maunds, on which Sagar duty was paid during the year. Smuggling is rife in all the Supári-growing Talukas, but Sagar, Nagar and Sorab afford perhaps the greatest facilities for evading the duty. The prevalence of dissimilar laws on the subject in Mysore and Her Imperial Majesty's territories, the sentimental

view which the Sûpâri growers take of the question: the irregular boundary lines, and the inelastic rate of duty on all kinds of Sûpâri irrespective of quality or price, tend to cheating the Government wholesale, and the vigilance of the local customs establishments barely keeps abreast of the ingenuity of the Smugglers. The notorious untrustworthiness of the ill-paid Sayar servants moreover intensifies the difficulty of detection. This is perhaps not the place for expatiating on the subject, and my observations will be reserved for another communication.

15. The cost of Sayar establishment amounted to Rupees 9,343-10-1, being 4·06 per cent on the Sayar revenue.

Under the new system, the cultivation of Poppy, save under special licences granted with the permission of the Chief Commissioner in very exceptional cases, and the manufacture of and private trade in Opium have been abso- -lutely prohibited, as also the possession by any person, other than a licensed vendor or Medical practitioner, of more than three tolas of the drug-

supplies to the several
Deputy Commissioners
according to the requirements
of each District. They
sell it to Retail vendors
and medical men at the
rate of Rs 7-8-0 per seer
of 24 tolas. The retail
price for Opium is laid
down, as licenses are freely
given to applicants.
With the coming into
operation of the above
new arrangements in
regard to Opium, it was
directed by the Chief
Commissioner that the
monopoly of Ganja should
be leased out. There
being no time to immediately
carry into effect that order,

the sale of this article was continued under the Government Agent during the month of April 1880 and the net profits to Government therefrom for that month, were Rs 138-9-2. The Contract has been given out for the remaining 11 months of 1880/81 for a sum of Rs 2,000/- The terms of the lease are that except for medicinal purposes, and on passes signed by a Magistrate, not more than 4 tolas are to be sold to any one person in a day. The rate fixed is 8 Annas per seer of 24 tolas.

(1) Rupees 10 per ounce in places where it was desirable to discourage its consumption.

(2) Rupees 5 in District and Sahuk Cutcha, and

The realizations under this Head in the previous Year were Rs 173-13-4, and were included in the Layer Revenue of that Year. The duty on this drug has subsequently been done away with under the new system vide para 29 of the Chief Commissioner's Proceedings No 181-9 dated 12th April 1880.

Net Increase Rs —— 1125-14-10.

Compared

26 The increase under this head which is due to larger realizations under Tobacco and Green Cocoanuts, is ascribable to the good season and improved prospects.

27 The small decrease under Sundries calls for no remarks - The falling off in the amount of realization in other items is explained by what follows-

28. The history of Excise taxation has been curious. It was originally levied on a number of articles, some of them of such a nature as were required for the daily use of the poorer classes and that duty thereon was quite unproductive, which evidently

stood in the way of trade and retarded its development. Gradually all such articles were eliminated from the Tariff, as rendering them Excisable, was harassing to the people, and detrimental to the Commerce of the Country. - In the year 1875, the System was Revised, and Layer rates were partially reduced, and were restricted to the few articles named in the margin, and they Continued in force till the end of October last.

29. From 1st November 1879, the Layer was abolished on all other articles and was retained permanently on Areca-nuts and temporarily on tobacco, pending the sanction of H.E.

Government of India to the levy of a combined Town duty of one Rupee per maund in Minor Municipalities, and of 3 Rs in the Town and Cantonment of Bangalore, and on Cardamoms in anticipation of the substitution of Areaje assessment. The articles so exempted viz, Cocoanuts dry and fresh, and Betel leaves were subjected to the payment of Octroi in Municipalities. The Octroi on green Cocoanuts was fixed at the same rate as that of Layer while on dry Cocoanuts, it was augmented to 8 Annas per maund, and on Betel leaves to 2 pies per hundred.

30. The additional Layer on Tobacco was discontinued from 1st January 1880, and the hereinbefore mentioned town duty of 1 Rupee per maund in minor Municipalities, and of 3 Rs in the Town and Cantonment of Bangalore, was introduced under sanction accorded thereto by the Government of India. The above articles become liable to duty only when they are exposed for sale in Municipalities and not when they are carried across without breaking bulk for sale in other places.

31. To compensate Government for the loss of its Layer Revenue, it was ordered that half

the realizations on the articles both home-grown and imported in minor Municipalities, should be paid to Government; while the Municipality of the Town and Cantonment of Bangalore pays to the Provincial Revenue 1/2 Octroi Collections on Cocoanuts and Betel leaves, and 1/4th of those on tobacco, all of local production only. The collection of these duties in minor Municipalities which are under the direction of the Deputy Commissioner, was entrusted to the Shanbogues of the place, whose remuneration on this account has been fixed at 5 per cent of the realizations.

32. The item of duty

on Opium for the year under Report is excluded from Layer, and is shown under Abkarry.

33. The Quality of Collections above shown was not brought to the monthly Layer Accounts of the District for the year; but have been included in the Annual Layer Returns, vide this Office No 634 dated 24th March 1880 to the address of the Secretary in the Revenue Department.

34. In addition to the deductions made in the above Statement, a sum of about Rs 350 will have to be deducted on account of the

cent Commission for collection, and after the receipt of final in-structions on the point noted in para 1 of this office letter No 430 dated 24th December 1879 on account of "Gofrass" allowances for five months from 1st November last to the end of the year under report —

License fees for the vend of European liquor

9. Five licences were issued for the vend of European liquor during the year, viz, 3 at Chickmunglur and 1 each at Mudgere and Lakvalli, and the amount realised from fees was Rs60 at Rs12 each per annum, shewing an increase of 2 shops and Rs24 on the previous year.

2. The revenue from "Arrack" was Rupees 30116-14-2 as per margin against 20861-3- in the previous year. The increase of Rs 9255-11-2 is due to the larger quantity of liquor consumed during the year than in the previous year. No expenditure on account of establishment was incurred in this District as the arrack is supplied from the Bangalore Distillery.

Section S R
Serial No 6

Sir,

I have the honor to submit the following report on the Excise Revenue for the year 1879-80, with the usual Statements from Nos 1 to 8.

2 The revenue derived is from two heads, viz "Abkary" and "Sayer". The former head includes the revenue realized from arrack and Toddy, as well as the license fees collected from the wholesale and retail shops.

Arrack. 3 The subjoined Comparative Statement shews the Collections from arrack for the years 1878-79, and 1879-80, shewing a net increase of Rs 2,054-4-6, in the latter, which is due to the gradual recovery of the people from the effects of the late famine.

Items	1878-79	1879-80	Increase	decrease
Still head duty on arrack	1670 - -	3211 8 -	1541 8 -	- - -

Total	2374 6 6	4428 11 -	2066 4 6	12 - -
Deduct decrease.			12 - -	
Net increase			2054 4 6	

4. The quantity of liquor issued from the distillery during the year was 1641 gallons, or 806 gallons more than in the preceding year.

5 The revenue derived from Toddy which was under Government management during the year under report is Rs 29867-4-10, against Rs 26401-6-6 in the previous year, thus showing an increase of Rs 3465-14-4. but however the revenue from this item has fallen off Considerably from the effects of the last famine both upon the population and the Toddy trees as well. It will take some years more for the trees to revive and the Government to realize its former revenue. Toddy.

6 No revenue was realized during the year under the heads Ganja and opium, as none applied for licenses to vend the same. Ganja and opium

7 The Cost of the abkari Establishment Amounted to Rupees 1255-1-5 against Rs 2448-4-9 in the year previous. The decrease is owing to the abolition of the few temporary hands entertained in that year in Consequence of the Toddy being worked under Amani

8 The Collection from Sayer Sayer-

duties

duties levied on the articles enumerated in the appended statement amounted to Rupees 14,482 — 12 — 11.

Items	1878-79			1879-80			Increase			Decrease		
Supari	6555	4	11	9727	7	1	3172	2	2	-	-	-
Tobacco	1796	10	10	2603	8	-	806	13	2	-	-	-

Total	11197	12	7	14482	12	11	4043	2	4	758	2	-
Net.							3285	-	4			

9. The fluctuation in the Revenue in the items above shown as well as the net increase of Rs 3285 — 0 — 4, is partly owing to the exemption from duty of all the articles, except Supari, ordered in the Proceedings of the Chief Commissioner No 4,914-25 of the 24th December 1879, and partly to the produce being small in the previous year in consequence of the drought which existed before that.

10. Out of the total Amount Collected, Rs 13,097. 4. 7, was the Revenue

on articles exported, & Rs 962-8-2
on those imported.

11. The Cost of establishment amounted to Rs 3,593-10-9, or 24-8 per Cent of the Collections, as against Rs 3612-13-8 of the previous year. The salary of the fixed establishment was Rupees 3299-6-1, while the allowance to Shekdars, Potels and Shanbhogues at 5 per Cent of the Collections made by them amounted to Rs 294-4-8.

12. For the year 1880-81, the number of arrack shops sold by public auction was 17 up to date which fetched a sum of Rs 127-12-, with a licence fee of Rs 82 per measure. Arrack

13 As regards Toddy it was proposed that the item should be worked under Amani in this Year also, in View to save the trees, still recovering their original status from the indiscriminate use to which they will be subjected to if leased out. This arrangement was sanctioned as a protem measure Toddy

until

2 (a)

until favorable terms can be secured for renting the farm. Accordingly an offer was received for the Chittabroig Taluk, for Rs 4014, which was accepted, there being no higher bids. In all the other Talooks the right of drawing toddy for which applications were put in was sold to the highest bidder, and the number of retail shops thus sold up to date is 254 for Rs 1880 per measure.

Ganja. In the Davangere Taluk an application was received for a retail Ganja shop from the 1st July 1880; this was accepted for Rs 5 per measure.

Opium. 15. No application has yet been received for the Rent of Opium.

Section S. 1
File No 7-79
Serial No 7

No,

The Secretary to the
Chief Commissioner,
Rev: Department.

Sir,

I have the honor
to submit the follow-
-ing Excise Report of
this District for the
year 1879.80.

1. The excise revenue
is derived from the
two general heads of
Abkari and Layer,
the former comprising
the receipts from Toddy,
Arrack, Ganja and
Opium; and the re-

later consisting of the receipts from the duty upon Supari, Betel leaves, Tobacco, dry and fresh cocoanuts, and Cardamoms.

Abkari

2. The lease of the privilege of drawing toddy for sale was given out to Messrs Davy, Muddappa & Co for five years from the 1st April 1875 for a rent Rs 60,000* and extended over the year under report. A remission of Rs 20,000 was however granted to them by order of the Chief Commissioner, in consideration

* including right to cut and sell date leaves.

of the heavy losses which
they had sustained
during the famine.
3. The contract of
toddy extracted from
the Sago palm, (bagni
which is confined
to the Mahad Taluk
of Murgarabad and
Belur; is sold by public
auction to the villagers
4. The Sago palm
toddy sold in the
weekly markets is
liable further to a
tax known as Boyb-
jiffi, which was
farmed out to Messrs
Davy, Muddappa
& Co for Rs 500 up to the
end of the official year.

5 The Cuddalore Distil-
lery System, which
was in force previous-
-ly, was discontinued
from the commence-
-ment of the Special
year under report;
and a Contract was
entered into with
Messrs Davy, Muddaffa
& Co of Mysore, accord-
-ing to which that Firm
engaged to supply
arrack of 20 degrees
below proof to Govern-
-ment, at Rs 1-8-0 per
gallon: it being sub-
-sequently sold to
Retail vendors at
Rs 4-11-0 per gallon in
the town of Nagapam, and

Rs

1850

Rs 3.10.8 per gallon for
out-stations. The new
system has nominally
the advantage over
the old, of securing to
Government a larger
share of profit, which
used formerly to be
enjoyed by the Distil-
-lers: but it has the
disadvantage of
putting an end to healthy
competition, as it
was formally an aim
with the Local Distil-
-lers to supply good
liquor to secure pur-
-chasers; whereas the
present Contractors
at Jessore, so long as
they get paid by Gov-

Government, seem
indifferent to the
quality of the liquo
they manufacture
So far therefore as
this District is con
-cerned, the new
arrangement has
not worked well.
The liquor supplied
is not only inferior
in quality but of
reduced strength,
owing to the want
bark, which gives it
the peculiar flavou
relished by the Nativ
public, it fast lose
strength after leavi
Paulhalli, and it w
found when chemica
analysed to contain
salts of copper which

were pronounced to be
deleterious to health.
Further the requirements
of this District were
not sufficiently con-
sidered in the Contract
bond, as no provision
was made to cover the
cost of carriage from
Paulhalli, and the loss
in quantity and con-
strength by wastage.
6. The total number
of retail arrack shops
in the District is 29; of
which 6 are at Khanapur
and 23 in the Talukas.
The monthly rates of
License Fees are as con-
follows. Per shop
Khanapur . . . . . Rs 10—"—"
Taluk cutchas . . Rs 8—"—"
Kabli —do— . Rs 4—"—"
Villages . . . . Rs 2—"—"
It has to be explained

that the rate originally
fixed for the town of
Kapaw was Rs 20- per
month; but the ven-
dors having com-
-plained that it was
excessive, it was re-
-duced to Rs 10, and con-
-tinues to be paid at
the latter rate in anti-
-cipation of the Chief
Commissioner's sanction.
7. The right of selling
ganja and opium
having been leased
out to Messrs Davey,
Muddappa & Co for
five years from the
1st April 1875, at an
annual rent of Rs 400,
they remained in
undisturbed enjoyment
till

12

of Gardens, which suffered much from drought during the famine. The heavy fall in price of the nut has also operated as a cause in diminishing the value of Gardens.

27. The causes for the decrease under the heads of tobacco, Cocoanuts, betel leaves and miscellaneous has been already accounted for.

28. The prescribed returns[x] are herewith submitted.

[x] will follow.

I have the honor to be

will continue tempo-
-rarily pending the
shortly expected
introduction of
the acreage assess-
-ment on Coffee lands.
It may be mentioned
that Mr. Middleton
having at a heavy
outlay put up ma-
machinery for thoroughly
-ly drying the canda-
-mons grown on his
estate, a larger
quantity passed as
a manufd. while
owing to the same
cause, the price
which he has lately
realized much ex-
exceeds that obtained
by growers under
the native system.

which are often
more frequented
than those in towns,
and are likely to
monopolize trade,
these articles are
entirely free from
duty, and the pro-
ducers or rather the
whole sale purchasers
are now relieved from
the exactions and
annoyance to which
they were subjected
from petty tax-gatherers,
and from the delay
arising in the issue
of Rahadaries.

24. A halat duty
is levied on Cardamoms
at 2 Rs per maund,
which arrangement
will

per cent for wastage, and 1 Anna 8 Pies per Gallon for carriage from Paulhalli.

21. The sale of opium has, from the beginning of the current year, been undertaken by Government, from whom it may be bought by licensed vendors at the uniform price of Rs 7-8-0 per seer of 24 tolas weight. The demand is almost nominal.

22 The monopoly of the sale of ganja was disposed of by auction sale for one year for only Rs 55, the demand

120

out by public auction for Rs 637, being Rs 137 more than the sum for which it was leased to the former Contractors during the last years.

20. Owing to the non-supply of toad liquor by the Contractors, the sale of arrack has ceased to the great inconvenience of the public, and with a heavy loss to the Retail Vendors and Government. This matter has formed the subject of separate correspondence. It has been arranged that the Contractors should deliver liquor at Kalpam, and receive

no variation took
place in the receipts
from these items.

14. The receipts under
the head "Miscellaneous"
vary, being composed
of realizations from
fines & sea.

Establishment.

15 An establish-
ment is maintained
in connection with
the Distillery at a
monthly cost of Rs 115,
composed of a Daroga
on Rs 35, who acts as
an Inspector through-
out the District, a
Mutsaddi on Rs 25
who conducts sales
of liquor to Retail
vendors, a Peshcar on
Rs 15, 4 peons at Rs 7,
and 2 peons at Rs 6 with

desirable that the leases should be given for a longer period, and the old custom of the country, permitting only villages to bid, should be strictly enforced.

12. The large decrease under the head "Abkari" was, as already observed, due to the remission of Rs 20,000 granted to the Contractors to re-imburse them for the losses which they sustained during the recent famine.

13. The term of the leases for Ryotwary, Opium and Ganja not having expired,

till the close of the year under report, when the new system came into force.

8. The subjoined table shows the receipts from the various items of Abkari, as compared with those of the previous year.
